Hyatt Regency St Louis At The Arch

MAY 2017

Hyatt, St Louis – Room 1436: Easy floors to roll on, bed appropriate height to get in and out of. The room we were given unfortunately did not have a roll-in shower despite the fact that is how the room was booked. The hotel was sincerely apologetic and refunded us \$100 a night. This hotel was well-located in the center of St. Louis. September 27, 2019
