

Willapa Hills State Park Trail – Adna Trailhead. Nov 24, 2019
Pleasant 1.5 hour drive from Seattle. The trail goes for several miles in either direction, we headed west. This out and back trail starts off on asphalt for 1 mile, then becomes a compact dirt trail. Beautiful woodsy trail used by bikes and horses. Could use all types of chairs.
Pit toilet on the grounds suitable for manual or power chair (not well maintained). Gas stations located nearby (some do not have public restrooms)
